

# SAT PREP

At Timberlane Regional High School

Sponsored by:  
TRHS Division of Alternative and Continuing Education

Again this spring, Timberlane Regional High School will host a comprehensive SAT Preparation course. The course will be offered two evenings a week between the February and April vacations, and several Saturday morning practice tests will be held as well. Students will improve their skills in the major areas of the SAT: mathematics, reading and writing. Lessons will also provide many of the skills needed to improve scores through SAT-specific test-taking lessons. TRHS faculty members Mrs. Lee Daneau and Mr. Jeff Shaw, both of whom have extensive experience in teaching students SAT preparation classes, will work collaboratively on the course.
